WASHINGTON, March 31.—Charges made by Captain H. L. Scaife, former Department of Justice agent, that the American Relief Administration, in 1919, on orders of Herbert Hoover, now Secretary of Commerce, diverted \$1,000,000 worth of supplies intended for starving Russian civilians to the counter-revolutionary leader, Admiral Kolchak, at Archangel, may be investigated by the Senate Daugherty Committee.

Scaife, in his testimony before the committee Saturday, made passing reference to a "diversion of funds by the administration to finance a revolution in Russia," and later amplified his statement. Hoover, Scaife said, ordered a whole boatload of trucks, medicines, food, clothing and hospital supplies turned over to Gen. Yudenitch, a counter-revolutionary associate of Kolchak, at Archangel. The supplies, he said, were carried in a shipping board vessel, commanded by Captain James E. Martin.

Garment Strike Leader Kidnaped by Crowe's Office

FRAME-UP ON BEALIS, JOINT BOARD HEAD

Hidden From Friends Who Seek
His Release

Sergeant Patrick Collins and Detective William Schriener, from the office of strike-buster State's Attorney Robert E. Crowe's office, invaded the Chicago headquarters of the International Ladies' Garment Workers' Union, at 328 W. Van Buren street, last yesterday and kidnapped Morris Bealis, manager of the Chicago Joint Board.

All afternoon and night Bealis was held without any formal charge against him and without bail.

Rushed first to the State's Attorney's office in the Criminal Court building he was transferred from there to the East Chicago police station.

Habrus Corpus Writ Doesn't Help. Strikers and union officials who demanded to see him and members of his family were coldly denied admission. Attorney W. G. Ricker for the union finally got a habeas corpus writ from Superior Court Judge Frederick D. Young—returnable today. Judge Young thus allowed the detective to work their will on him all night.

Held For Kevler "Shooting." Bealis is held on "suspicion" of being connected with the "assassination plot" against Nicholas Kevler, dress manufacturer whose shooting story the DAILY WORKER exposed in yesterday's morning issue.

The DAILY WORKER got a definite statement from Mr. Kevler that he was not in the room into which two shots were alleged to have been fired, and that he had never been threatened by any union men. He testified, however, was quoted as saying that they intended to arrest officials in connection with the "Kevler shooting."

At Detective's Mercy. Bealis is held for "investigation," means for the "gold fairy" fight there at the mercy of the callous hands of labor hating cops in America.

Mitchell Indicates Guilt. Earlier in the day the DAILY WORKER got a statement from the head of the garment losses that implicated he had guilty knowledge of the Kevler shooting.

This was Frank Mitchell, of the dressmaking firm that takes his name and head of the Chicago Association of Dress Manufacturers (Continued on page 2.)

Arkansas Families In Feud Battle Over Children's Quarrel

BOONEVILLE, Ark., March 31.—A child was killed and eight members of the Van Allen and McCann families were wounded in the reversal of a feud in Lick Creek Valley near here.

The McCanns, firing from their house and the Van Allens, barricaded behind a wagon on the roadway, maintained a constant fire until the number of both families was wounded.

The difficulty arose over a trivial matter. Sam McCann, and Roby Van Allen, 13, quarreled at a school house in the valley where Roby's elder sister "had names."

DAUGHERTY QUIZ TO CONTINUE DESPITE HIS RESIGNATION

(Special to The Daily Worker)
WASHINGTON, March 31.—At an executive session called for the purpose of planning its future course, the Senate Daugherty investigating committee today decided to continue its inquiry without regard for the resignation of Attorney General Daugherty.

The some members favor slowing up proceedings with a view to an early halt of the probe, it was decided by the committee to go ahead for the time being at least as if nothing had happened.

With this decided, the committee tomorrow will continue its hearing of Captain H. L. Scaife, former Department of Justice agent, and thereafter Gaston B. Means on the stand again.

RECOGNITION OF RUSSIA NEARER BY CANADA'S ACT

Pressure on Washington
Grows Stronger

By LUDWELL DENNY.
Quebec, March 31.—(Special to The Daily Worker.)
NEW YORK, March 31.—Recognition of Russia by the United States government is one step nearer as the result of the impending recognition of Moscow by Canada in the opinion of the committee of representative American business men who have been working for the last year to smoke Secretary Hughes out of his anti-Russian position.

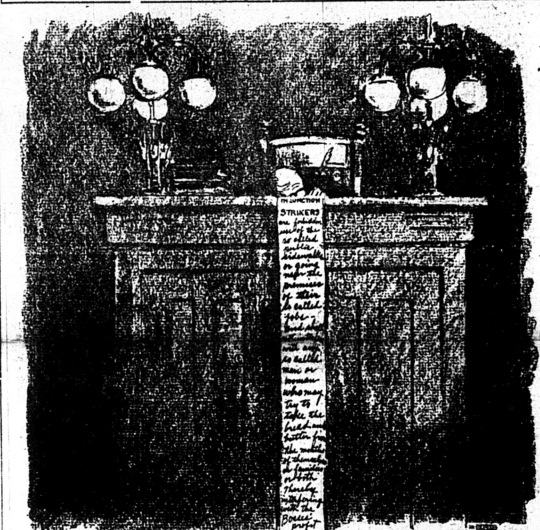

American Exporters Resist. Since London and Rome renewed relations with the Kremlin to the advantage of British and Italian business men, American exporters and investment interests have grown increasingly restive under the handicaps imposed on them by the stubborn and short-sighted policy of the U. S. state department. That Canadian business men are now to get in ahead of them in the last straw in breaking the patience of the New York capitalists whose agents report that Russia is the only country in Europe on the upgrade and therefore the safest field for trade and investment.

"In the best interests of both countries" Canada is prepared to recognize the Russian government. Premier King has written to A. Yankov, Moscow representative in Montreal, according to reports reaching here. This action comes as the result of six weeks of negotiations between the Montreal government and the Russian trade mission which it invited to Canada. Premier King now announces that he is ready to receive political mission and Yankov has called the invitation to Foreign Minister Chicherin in Moscow.

On Second Step Help. With the U. S. state department under investigation by the senate for its complicity in the oil scandals, and Secretary Hughes about to open the already discredited Coolidge campaign by discussing thereby that Hughes may soon be anxious to lighten his pack of troubles. Unofficial intimations by Hughes that the Russian situation which has been so successful in Canada would find the Washington climate agreeable might relieve the hard-pressed secretary from one source of increasing criticism. It is pointed out here also that Senator Borah, leading advocate of Russian recognition, has recently been taken into the confidence of the Coolidge administration.

IMPEACH COOLIDGE!

THE SO-CALLED MAJESTY OF THE LAW

FARMER-LABOR PARTY RILED AT LEADERS' ACTION

Charge Fitzpatrick Is
Violating Party Rule

A serious division has arisen in the Cook County branch of the Farmer-Labor Party of the United States over the action of John Fitzpatrick and E. N. Nichols, original founders of the Farmer-Labor movement, in going directly against the ruling of the Executive Board of the Farmer-Labor Party by endorsing old party politicians in the primaries on April 8.

At their last meeting, March 14, the executive board, with sixteen out of twenty-one present, among the conspicuous absentees being Fitzpatrick and Nichols, unanimously passed the following motion: "That all members and friends of the Farmer-Labor Party of the United States be requested to remain away from the polls on primary day April 8; as the Farmer-Labor Party of the United States is the political expression of the organized labor movement (city and rural workers) and it is to be hoped that they will not antagonize themselves WITH ANY DISREPUTABLE CITY AND STATE OFFICIALS."

Defied Party. In direct defiance of this ruling of their party John Fitzpatrick and E. N. Nichols, signed a communication which was given wide publicity in the Hearst press "Herald" urging that trade unionists participate in the primary April 8 in support of candidates.

(Continued on page 4.)

"IT IS A PERFECTLY LOGICAL SITUATION," —JOHN FITZPATRICK

Resolution of Illinois State Federation of Labor endorsed by John Fitzpatrick and Edward N. Nichols.

Resolved that the nomination of the three candidates (Small, Jenkins and Keller) is hereby urged. Further resolved that trade unionists in all congressional and senatorial districts be and hereby are urged to support these candidates.

Resolution signed by Fitzpatrick and Nichols, original founders of the Farmer-Labor Party of the United States. "For the reasons stated in the above resolution adopted by the executive board of the Illinois State Federation of Labor on March 17, the undersigned trade union executives do hereby urge that trade unionists participate in the primaries April 8, in support of Jenkins, Small and Keller. Signed by Nichols and Fitzpatrick among others.

Motion unanimously passed by the executive board, Cook County branch of the Farmer-Labor Party of the United States—Fitzpatrick and Nichols, being conspicuously absent. "That all members and friends of the Cook County branch of the Farmer-Labor Party of the United States be requested to remain away from the polls on primary day April 8; as the Farmer-Labor Party of the United States is the political expression of the organized labor movement (city and rural workers) and it is to be hoped that they will not antagonize themselves WITH ANY DISREPUTABLE CITY OR STATE OFFICIALS."

Statement of John Fitzpatrick to the DAILY WORKER. "It is a perfectly logical situation."

Expect 45,000 Workers

A sub-committee appointed to outline a program reached an agreement on procedure which was presented to the joint conference of operators and union representatives. The present contract expires at midnight.

BURNS MUST GO!

SINCLAIR IS INDICTED FOR CONTEMPT OF OIL PROBES; HIDES HIS PRIVATE AFFAIRS

(Special to The Daily Worker)
WASHINGTON, March 31.—Harry F. Sinclair was indicted today by the Federal Grand Jury on a charge of contempt of the Senate oil investigators.

Sinclair refused to answer the questions on the ground that the committee—or any congressional committee—was without constitutional authority to compel a man to divulge his private affairs.

Involved in the long legal fight which is expected to follow is the important point of authority of congressional investigating committees—a point which never before has been finally decided by the courts.

Sinclair must appear voluntarily before the court for a rearrangement of bail or a warrant will be issued for his arrest.

The indictment specifically charged Sinclair with ten counts, nine for as many questions which he refused to answer before the committee and the tenth, a general charge that he violated Section 102 of the revised statutes in failing to answer any question.

The indictment charge was as follows:

"That Harry F. Sinclair did unlawfully refuse to answer such questions against the dignity of the United States and contrary to the form of the statute of the same in each case was made and provided."

The indictment was returned before supreme court justice Hils of the District of Columbia Court. It cites legal documents in connection with the leases including the original executive order of President Harding transferring the jurisdiction of the naval oil reserves from the navy to the interior department.

It also contained copies of the various resolutions passed by the senate empowering the Public Lands Committee to investigate the leases and Section 102 of the revised statutes which states that any witness failing to answer questions before a congressional investigating committee can be indicted by the grand jury for contempt.

The grand jury was as follows: "The United States of America impeached and sworn in the Supreme Court of the District of Columbia presents that for many years past the government of the United States has been greatly disturbed by the progressive diminution of the supply of petroleum from which are derived fuel oil, gasoline and other valuable products indispensably necessary to the operation of naval vessels and consequently have been keenly interested in the subject of their conservation and economic production, handling, use and storage of oils for that purpose, etc."

"That capital is the friend of the people," Mussolini said, according to the banker. "For this reason they will eventually succeed in eliminating oppressive taxation from capital, thereby hastening a revival of industry."

Mr. Sinclair predicted that Mussolini would have difficulty in balancing the Italian budget, with such views.

One of Morgan's Coal Combines Announces 200% Dividend

(By The Editorial Staff)
WILKES-BARRE, Pa., March 31.—There's to be another million cut in the cost of living. Stockholders of the Lehigh Valley Coal Co., one of the largest of Morgan's anthracite combines, have just voted for a 200% stock dividend. And when the directors get around to declaring it the stock will be distributed to the small wealthy elite who have owned the anthracite industry since the 1800's and have made pretty sure that the stock-edged states did not get out into plain hands.

The directors last year declared a \$40 cash dividend on each \$100 share or 50% based on production over \$300,000 loss of the country's annual hard coal supply.

REDS ARE ISSUE AT PITTSBURGH COAL CONVENTION

Leaders, Under Fire, Call Names at Radicals

PITTSBURGH, Pa., March 31.—Encouraged by their excess numbers, the Lewis machine, made disgruntled the scenes of the convulsed H. L. Hunt, the American Workers of America, at today's session here. Lies, insults and every dirty trick in their category was unloaded by an Hitler, Billy Foxen, and National Guard, O'Leary in their attempt to belittle the efforts of the progressives to expose them for what they are.

The convention was never as high as the opinion of the times and there have been "some hot ones." Workers Party Organizer Fred H. Merrick came in for his share of attack this morning, being charged with the following:

These attacks came as a result of impeachment resolutions presented by the Progressives against all the federal judges in the South. Fagan was tied to one of his Indianapolis lies, when, in answer to a question as to whether he had stated in the National convention that the only remedy at Charleston, Pa., was in the Coal Co. office, Fagan answered that he had.

When Fagan admitted making the statement, Delegate Guiler produced two telephone directories,

such a drastic act while revolutionary youngsters were pleading for caution out a peculiar light on the

showing that the Hills Station Co-operation Association had its own telephone, and stated that Myerscough used that phone always.

Myerscough was the President of that Association and it was a successful one until the Coal Co. officials of District 3 joined forces to

MACDONALD IN CRISIS OVER HIS BLACKLEG PLAN

Strikebreaking Threat Is Resented

(Special to The Daily Worker)
LONDON, March 31.—The Labor movement of Great Britain is faced with a serious crisis today, following the decidedly blackleg action accorded by organized labor to the strike-breaking activities of the MacDonald government.

Premier MacDonald, faced with a street car strike, the sympathetic strike of the bus workers, and the threatened walkout of the subway workers, instead of backing up the workers which he is supposed to represent, publicly declared his plans to maintain as far as he could, the traffic of the city.

As a result, Premier MacDonald and his cabinet, regardless of the outcome of the present strike, is exposed to the workers as a tool of the capitalists, even going to the extreme of trying to call out the military forces to break the strikes. Workers in all trades are today renouncing the "Labor" government as a strike-breaking agency which has betrayed labor.

The present crisis follows on the heels of the action of the miners a couple of days ago, in forcing MacDonald against his will to call in a miners' militia which he had promised to call in only if the miners would not accept his offer of a 6 per cent wage increase.

The miners, however, forced their leaders to call in the militia, so that the "Labor" government is today in a position to call in the militia if it can't do what it might as well.

Opposition Growing.
In the face of the growing opposition to him, Premier MacDonald is making frantic efforts to settle the various strikes by calling in the militia upon him after the other. Today (Monday) the striking car workers will be called in whether or not to accept the final compromise agreed to by the representatives of the employers and the strikers, last week. The bus workers, who were striking in sympathy with the traction employees, will not follow suit, but will wait the outcome of the traction workers.

Chicago Children Growing Up In Insanitary, Tuberculosis Breeding Homes, Says Civics School Report

Many sections of the city adjacent to railroads, industries, and cheap commercial centers, house thousands of workers in insanitary, ill-repaired homes, which the landlords, waiting to sell their property at a profit to the incoming factories, make no effort to make livable.

In the Jewish and Italian districts of the West Side, factories and business houses have been moving across Canal Street and into the heart of the city, leaving the old tenements and rooming house district from more obviously commercial streets like Halsted, Twelfth, and Jefferson.

The whole territory, between Halsted and the river, from the South to the North branch, has been awaiting the invasion. The Chicago School of Civics and Philanthropy, which some time ago published ten pamphlets on housing in Chicago, says this district, "In the meantime, while landlords and dealers wait, poor people continue to live in insanitary, ill-repaired, tuberculosis breeding dens, and children growing up in dark, ill-ventilated rooms, without proper place to play."

Alley Houses.
"Unfortunately, the clearing of the area has not meant the destruction of the old frame houses which occupied them. They have been bought at a very low rate and the enterprising speculator has either bought them and moved their old houses to the rear and placed the new ones in the front space or they have been sold to the speculator. It might be incidentally noted that Chicago is the only city in America where the speculator has bought the old houses and moved them to the rear and placed the new ones in the front space or they have been sold to the speculator. It might be incidentally noted that Chicago is the only city in America where the speculator has bought the old houses and moved them to the rear and placed the new ones in the front space or they have been sold to the speculator."

MASSACRE OF HINDOO REBELS IS PROTESTED

Lansbury Denounces the Jaito Killing

(Special to The Daily Worker)
LONDON, March 31.—Big demonstrations in Bombay, of persons applying for relief and protesting against the massacre of the British "Labor" government in face of the British police, who are reported here, has been reported here. Pitiable scenes of starvation and distress are being enacted, and over fifty thousand workers have fled from Bombay in their quest for food.

Mr. Lansbury called to the attention of the Under Secretary for India, Professor Hiccup, that the government should make representatives of India to discontinue more self-interest might be shown to them, and to preserve the peace of India. Mr. Lansbury protested against the massacre at Jaito, where 21 persons were killed and 4 wounded, when police and soldiers fired into crowds. Many more are now in prison.

The Under-Secretary replied that the "Government was full of sympathy for the Indian people, and that it was difficult to keep the peace among different religious sects. He was attempting to settle these difficulties by setting up a committee of inquiry."

Pennsylvania Rail Workers Hit by a Series of Layoffs

By LELAND OLDS.
(Federal Public Industrial Editor)
Workers engaged in the manufacture and repair of railroad cars in Pennsylvania have been hit by a series of layoffs, according to the monthly report of the Federal Reserve Bank of Philadelphia. Reductions in force began in January and continued through February.

The February report covering all manufacturing in the state shows unemployment for the month of February had increased to 12.8 per cent, compared with 12.1 per cent in January.

Philadelphia manager of the "Freiheit," will preside. Tickets are 50 c. to 50 c. They can be gotten in the office of the "Freiheit," 340 S. Fifth street, or at Party Headquarters, 621 York avenue.

Impeachment for Theft Confronting Friend of Walton

By ERNEST R. CHAMBERLAIN.
Oklahoma City, March 31.—Oklahoma's extraordinary session of the legislature, which opened here today, will face a series of bills which will make the senate still sit as a court of impeachment in the case of John Whitworth, president, state board of agriculture. Departure of Fred Parkins, chairman of the joint committee, for California on "official business" at a time when he was to be called to testify on an alleged bribe of \$100,000 at the Agriculture department, has thrown a monkey wrench temporarily into the proceedings.

Whitworth was a former friend of Gov. Jack Walton until Walton's former-lawyer support forced the appointment of George Wilson to the college. Whitworth then turned on Walton and Walton was forced, this time by the other crowd to fire. Wilson was an alleged red from college. But Wilson was at the college long enough to obtain Wilson's former associates of Whitworth have brought Whitworth to trial.

Swiss Defeat 54-Tour Week.
BERNE, March 31.—By a popular vote of 54,442 to 4,000, the amendment to the factory law, which proposed to establish a 54-hour week instead of the present 48-hour week, in times of national economic crisis, was defeated.

Impeach Coolidge!

Conservable criticism is leveled against the new cabinet, however, by the press, except those papers that are subsidized by the Committee For Forges.

Daily Worker Exposes the Chicago Real Estate Board

THE CHICAGO REAL ESTATE BOARD IS BREAKING THE HOUSING ORDINANCES. In the next three articles the DAILY WORKER will expose the lease laws set up by the Real Estate Board, which is used by almost every landlord in the city. By means of this lease, the Board has FORCED THE RENTERS TO WAIVE ALL LEGAL RIGHTS, and has PLACED THE RESPONSIBILITY FOR REPAIRS AND MAINTENANCE UPON THE TENANTS. The state and city housing laws are used by the landlord as a boomerang to injure the tenant, who does not know what he is doing, and hence is easily tricked by the Chicago Real Estate Board.

Some of the Cities Just Won't Stay Down

A DOZEN or more of towns have sent in their complaints to our office that they were not entered officially into THE DAILY WORKER. They say, even the many of them cannot speak English well, and were not assigned quotas. We are, with no reluctance, listing them here.

Many of these towns have already sent in subscriptions for a large percentage of their quota, and all enthusiastically promise to cover the balance of their quota. The towns which have not yet sent in their quota are: International Falls, Minn. (a town of some 10,000, fifteen miles from the border, where they have appointed a comrade who is active and well-known in the trade union movement in Kansas City to take care of the subscription); and through the trade unions in these cities. Of course they are encountering some very little opposition from the machinists, (be it for hidden or for open subscription). Those who are afraid that the rank and file may learn some truth about them from THE DAILY WORKER, they have appointed a comrade who is active and well-known in the trade union movement in Kansas City to take care of the subscription; and through the trade unions in these cities.
